We Manage. You Play.

Teamer is a system we use to communicate information with parents. Teamer makes life a lot easier for everybody.

Parents are notified about events either by text, email or both. As replies are received, the TeamPage updates with up-to-the-minute response information letting the team management know who to/not to expect. Look out for texts and e-mails soon.

Teamer is NOT a social networking site and your contact details are not made public.

Please present this registration form at all sessions
 Season ticket holders get Saturday Soccer Stars for only £1!
