1. Why an annual health check?

The FA Charter Standard Club programme was introduced in 2001 as part of the Charter for Excellence in order to raise standards throughout grassroots football and to reward and recognise those clubs that did so.

By July 2010, over 4600 clubs have attained the accreditation with over 67% of all mini-soccer and youth football being played in FA Charter Standard clubs. This equates to over 36,000 teams having a qualified FA coach with an enhanced CRB check and has completed the FA Safeguarding and Emergency First Aid courses.

For the help and support of the tens of thousands of volunteers that implement the programme, The Football Association is truly grateful.

To keep the FA Charter Standard programme current and in line with the FA's National Game Strategy criteria changes were introduced in July 2009. It was also agreed that an Annual Health Check for FA Charter Standard Clubs be introduced for season 2010/11. This will replace the existing three year renewal process and will provide the following benefits:

- Annually inform clubs of their current status in relation to meeting the FA Charter Standard criteria
- Support clubs in tracking the validity of their voluntary workforce in relation to coach education and welfare
- Allow clubs to identify their workforce / coach education requirements for the season
- Reduce the number of instances when after three years clubs cannot meet the criteria and have to lose their accreditation and re-write a whole new application form
- Provide greater communication and support for clubs from their County FA
- Provide clubs with online tools through Member Services
- Provide consistent benefits annually to each club who completes the Health Check

UNDERSTANDING

It is recognised that moving to an Annual Health Check is significantly different to the existing process but it has been designed using examples of best practice that both FA Charter Standard Clubs and County FA's have adopted since the introduction of the programme in 2001. It has been designed using consultation groups of FA Charter Standard Clubs and the County FA workforce.

In its simplest guise it is an annual form that each club has to complete and return to its parent County FA showing how it adheres to the FA Charter Standard criteria and plans to continue to meet the criteria during that season. In its more effective form it will allow clubs to align coaches to their teams, show when their awards expire, identify the volunteer workforce within the club, access the welfare status of individuals within the club and allow the use of Member Services to assist club officials in administrating their club.

To attain the latter will take clubs differing lengths of time to achieve and this is recognised. Some clubs may already be doing this, for others it could take a few years. There is an understanding that to complete all the information in one season may be unrealistic, but with support from your County FA could be achieved over a number of years.

This guidance document highlights how clubs can complete the Health Check in all its forms from the most simplistic to using Member Services as an effective administration tool.

2. The FA Charter Standard Club Health Check process

There are a number of ways you can complete your Annual Health Check. To gain most from the Club Health Check you will need access to the Internet.

If you don't, you will still be able to complete the Club Health Check. The process is identified below:

3. Accessing your Club Health Check form

There are a number of ways in which a club can receive their Club Health Check form and this depends whether clubs have access to the Internet and the FA administration tool called Member Services (please see Section 6). These are:

Online

If the club and the person completing the Club Health Check has access to the Internet, they can access Member Services, pre-populate their own Club Health Check form, complete the form and return hard copy to the Parent County FA (please see Sections 6 to 12 and 4)

By email

If the club and the person completing the Club Health Check has access to the Internet but for some reason cannot gain access to Member Services, please email your County FA at charterstandard@parentcountyfa.com e.g. charterstandard@essexfa.com and ask for your Club's Health Check form to be emailed to you.

By post

If the club does not have access to the Internet please call your Parent County FA and ask for your Club's Health Check form to be sent to you.

Having received or generated your Club Health Check form you must complete and return it to your County FA before the 31st March. Each form contains information currently held on your club. Information provided through the Annual Health Check process will be retained making it easier each year to complete and provide your club with more detailed information about its volunteer workforce.

Each form will be unique to your club and be dependent on whether your club has the following different level of accreditation:

- FA Charter Standard (Youth)
- FA Charter Standard Adult
- FA Charter Standard Development
- FA Charter Standard Community

The guide will now take you through the process of completing your Club Health Check Form section by section. This is just an example form so don't worry if your form doesn't look exactly like one used opposite or in the examples.

1 Step 1:
Ensure that your Form is for your correct level of FA Charter Standard accreditation. If not contact your County FA.

2 Step 2:

It is important that the Health Check Form covers all the teams from the different affiliated sections of your club and these are linked to the 'parent' club. If you believe there are teams or affiliated sections missing from your form please contact your County FA.

5 Step 5:
If any of your Club's Policies or Procedures have changed since you received your last FA Charter Standard Award please circle YES and provide a copy to your County FA when submitting your annual Health Checkform. If not simply circle NO

6 Step 6:

PAGE 3 FA CHARTER STANDARD CRITERIA AND CLUB SUPPORT

1 Step 1: FA Charter Standard Criteria Check

Complete the form answering the questions in relation to the criteria, and provide information where possible when requested.

2 Step 2: Identifying Areas of Support

PAGE 4 QUALIFICATIONS RECORD

The Qualification Record allows clubs to identify the coaches that they have for each team and to view their qualifications and whether they are in date. It is appreciated that there may be gaps in the information provided but by starting this process it is hoped the club could build on developing its information held on its coaches.

Clubs and County FAs may also hold a significant amount of these details in their initial FA Charter Standard Club applications so please use these as a point of reference. This will also allow clubs to plan with their County FA what their coach education needs are for the season to ensure that they retain the criteria.

Try to complete as much information as is possible and you will start to build up a profile of your club's coaching workforce that will aid you in retaining the accreditation.

1 Step 1:

Check that you have the correct number of teams, in the correct age groups and that any teams with names are correctly identified. This information has been gathered from your club affiliation form and includes all those different linked sections of your club.

If these details are incorrect please contact your County FA and inform them of the teams you have.

2 Step 2:

A FAN number is a unique number for people involved in football. If there is a gap in this column and you know the FAN number of the Manager or Coach please write it in the column.

3 Step 3:

Check the Manager's or the Coach's name and date of birth are correct.

Where information has been input to Members Services the name of the team manager or coach will be identified. Please check that this is correct. If this information is not correct or there is no information please complete and write in the name of the manger or coach with their date of birth.

If the manager or coach knows their FAN number, please include this in the column previous to their name.

If using Member Services clubs can search for the manager's / coach's details and insert them if they know their FAN or CRB Disclosure number (see Section 11). Generating your form again once the coach/manager(s) has been added will update your Health Check Form.

Coaches who are connected to your club but not aligned to a team will also be displayed. Clubs can align them to a team.

4 Step 4: Manager's or Coach's FA Coaching Qualifications

Check that the qualifications displayed are correct. If the qualifications are wrong or not displayed please write in their level of qualification the date when received, the certificate number and post code if possible.

5 Step 5: FA Emergency Aid Qualification

Each coach needs to have a valid FA Emergency Aid qualification. Check that any details are correct and the expiry date of the award. If the dates are wrong or not displayed please write in the correct dates if possible.

Each team within a FA Charter Standard Adult Club needs to have a volunteer who has attended the FA Emergency Aid or who is a qualified first aider.

6 Step 6: FA Safeguarding Qualification

Each coach needs to have a valid FA Safeguarding qualification. Check that any details are correct and the expiry date of the award. If the dates are wrong or not displayed please write in the correct dates and the certificate number if possible.

7 Step 7: Accepted CRB Check

Each coach with a youth team (Under 18 team and below) has to have an Accepted CRB check. If the coach does not have an Accepted CRB check they must contact the Club Welfare Officer and complete a CRB application form.

If the coach has an Accepted CRB check and it's not shown on the form please write Accepted in the column and show your CRB form with disclosure number to the Club Welfare Officer.

If the coach has an Accepted CRB check they will have a FAN number and if you are on Member Services you can search for the coach and align them as the manager or coach of the youth team (see Section 11)

8 Step 8: Youth Coaching Qualifications

If the coach has attended the Age Appropriate Introductory Module or the FA Youth Award L3 Module 1 or 2 the date of the course will be highlighted on the form. If the coach has attended one of these courses and the dates are wrong or not displayed on the form please write in the correct date of the course completion on the form.

Each FA Charter Standard Club with youth teams requires one coach per club to have attended the FA Age Appropriate Introductory Module.

Each FA Charter Standard Community & Development Club requires one coach per club to have attended the FA Youth Award L3 Module 1.

1a Step 1a:

Locate your FAN (NPD), Club ID and your latest Club Affiliation No. If you are a Club Secretary these details are displayed on the receipt which you received from your Parent County FA when you were affiliated for the new season.

Your Parent County FA can also provide all this information.

- FAN = Sec ID

1b Step 1b:

If you do not know your FAN number, Club ID number and Club Affiliation Number and you have not accessed Member Services before you can receive information from your parent County FA.

Either call your parent County FA or email: charterstandard@countyfa.com
e.g. charterstandard@staffordshirefa.com
The County FA will then provide you with the appropriate details required to login to Member Services.

Step 2:

Open any web browser and enter your chosen County's website address into the web address bar. NB - Users of London FA and West Riding County FA can access the tool via one of the other 48 County websites (<http://www.thefa.com/GetIntoFootball/CountyFA/CountyContacts>).

You can add up to three different address types and mark which address is your preferred mailing address. To save the changes you have made click the Save menu item at the top of the page.

9. My Football section

1 Step 1:
Clicking the My Football menu item will highlight the club(s) where you have been appointed as a club official. For example, the screenshot below displays a Club Secretary for two clubs.

Clubs with different sections may have to affiliate the sections separately with their County FA. The County FA then link these sections to create an accurate record for your club.

2 Step 2:
To identify the linked sections for one of the clubs click on the club you wish to access to view.

3 Step 3:
The list of linked clubs is displayed at the bottom of the Club Homepage.

It is important that as the person completing your club's Annual Health Check you are identified as the Charter Standard Co-ordinator, Volunteer Co-ordinator or Club Officer for all these linked sections and they are highlighted in your My Football section as above.

If you are the Chairman, Secretary or Treasurer of the club you will automatically be linked with these sections.

There are two ways in which you can get the associated sections within your profile of My Football:

- 1 Your Chairman, Secretary or Treasurer can add you online as a Charter Standard Co-ordinator, Volunteer Co-ordinator or club officer for each of these linked sections through Member Services (see Section 10)
- 2 Contact your County FA and ask them to assign you for each linked section of your club.

10. Editing & Adding club officials / volunteers

1 Step 1:

Click on the My Football menu item in the left hand menu.

2 Step 2:

Click on the Club menu item in the left hand menu for the club you wish to access. If you are an official for more than one club then you will have a list of clubs under your My Football menu. The contact which you are about to add will need to be added to each individual club.

3 Step 3:

Once the club has been selected a new page will load displaying a menu for the selected club. To add new contacts click on the Club Officials menu item.

4 Step 4:

To add a new club contact click the Add Contact menu item.

5 Step 5:

The pop up Add Contact tool will now be displayed. To add a contact you will need to firstly select a role from the Role drop down list.

6a Step 6a:

There are 3 methods to find the individual you wish to add to the role you have selected. The easiest is to select from the Select Individual drop down list. This will display any individuals that have been attached to your club because they hold a role (club official, player, coach etc...) within your club. If the individual is not listed in the top down use either step 6b or 6c to add the contact. If the individual is listed then click Save to add the contact. If you have finished adding contacts then click Close within the pop up window.

6b Step 6b:

The second method is to add an individual by entering their Football Association Number (FAN) and date of birth into the spaces provided. An individual can contact their local County FA to find out their FAN.

Start by selecting the Search by FAN search option. Then enter the FAN and Date of Birth of the individual you wish to search for. Both the FAN and Date of Birth are required to search for an individual.

Once entered click the search button at the top of the pop up window. If the search matches an individual's details on the database then their details will be displayed at the bottom of the pop up window.

If the individual displayed is correct then click Save at the top of the pop up window to add to your club contacts.

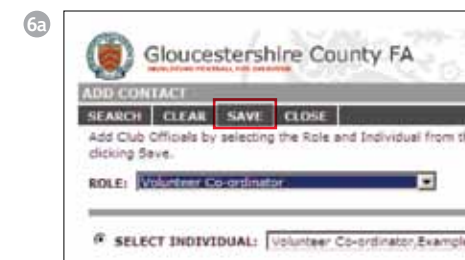

6c Step 6c:

The third method is to add an individual by entering their FA Enhanced CRB Disclosure number and date of birth into the spaces provided. The CRB Disclosure number is displayed on an individual's CRB certificate.

Start by selecting the Search by CRB Disclosure number search option. Then enter the CRB Disclosure number and Date of Birth of the individual you wish to search for. Both the CRB Disclosure number and Date of Birth are required to search for an individual.

Once entered click the search button at the top of the pop up window. If the search matches an individual's details on the database then their details will be displayed at the bottom of the pop up window.

If the individual displayed is correct then click Save at the top of the pop up window to add to your club contacts.

7 Step 7:

Once you have finished adding your club contacts then click the Close menu item at the top of the pop up. All contacts that you have added will now be displayed on the main club officials page.

If you wish to change the Club Secretary, Chairman, Treasurer or Club Welfare Officer then you will need to click Replace menu item. If you wish to remove an individual who is no longer in the role that is listed then you can select the individual and click Remove.

8 Step 8:

All individuals that are added through the Add Contact tool on the Coaches page will be displayed on the Coaches page and show the current status of their FA Accreditations. An individual's accreditations will be automatically updated as they complete further FA courses or complete an FA Enhanced CRB Disclosure. Further information about the coach/manager can be viewed by clicking on the FAN of the individual.

This profile will display the contact details that are stored against their record, details of all the FA coaching courses that they have completed and the Team roles they hold within your club. Within each profile you can edit their team roles by clicking the Edit Roles at the top of the page.
